

Mass, Volume, and Temperature

Mission

Warm-up and worked example

Name: _____

Date: _____

PAGE 1 | WEEK 7, DAY 3

YOUR MISSION Estimate and measure mass, liquid volume, and temperature using appropriate units.

SMART MOVE Name the unit and estimate before calculating.

Math Talk

Would a full bathtub be measured in cups, pints, quarts, or gallons?

My idea:

New Words

unit	estimate	elapsed time
My meaning or picture:	My meaning or picture:	My meaning or picture:

Worked Example

Do this example with your teacher. Say what changes and what stays the same.

1. Discuss choosing sensible units.
2. Estimate and measure liquid volume.

What the example shows: _____

Mass, Volume, and Temperature

Mission

Learn it and show your thinking

Name: _____

Date: _____

PAGE 2 | WEEK 7, DAY 3

YOUR MISSION Follow the learning path, then explain the big idea.

SMART MOVE Draw before asking for a rule.

[] **Step 1:** Discuss choosing sensible units.

[] **Step 2:** Estimate and measure liquid volume.

[] **Step 3:** Estimate and measure mass or weight.

[] **Step 4:** Read temperatures in real contexts.

[] **Step 5:** Solve one-step and two-step measurement problems.

My model, drawing, or organized work:

The big idea in my own words:

Mass, Volume, and Temperature

Mission

Practice lab

Name: _____

Date: _____

PAGE 3 | WEEK 7, DAY 3

YOUR MISSION Use a model, equation, or explanation for every task.

SMART MOVE Check whether your answer is reasonable.

1. Sort units by what they measure.

2. Estimate before measuring.

3. Solve addition/subtraction problems with like units.

4. Write a measurement comparison.

Choose one answer and prove it another way:

Mass, Volume, and Temperature

Mission

Challenge and final check

Name: _____

Date: _____

PAGE 4 | WEEK 7, DAY 3

YOUR MISSION Try an unfamiliar problem and defend your reasoning.

SMART MOVE A wrong first idea can still lead to a strong solution.

Challenge Mission

Create a recipe for a pretend drink using cups and pints. Then double it.

My plan:

My solution and proof:

Final Check

Name one unit for length, one for liquid volume, one for weight or mass, and one for temperature.

☐ I can teach it

☐ I need practice

☐ I need help

Mass, Volume, and Temperature

Mission

Reusable math tool

Name: _____

Date: _____

PAGE 5 | WEEK 7, DAY 3

YOUR MISSION Use this page to draw, model, organize, and check.

SMART MOVE Name the unit and estimate before calculating.
